PROFILE SUMMARY

Software Developer & ERP Specialist — 3+ years working with Laravel and ERPNext. I develop scalable applications and ERP modules, handle deployments and production support, mentor junior developers, and deliver business-focused solutions. Open to relocation and available to travel immediately upon request — willing to work in Qatar, Europe, or internationally.

WORK EXPERIENCE

Halfware   MAR 2025 – PRESENT

IT Developer & Project Support Engineer

- Led development and support for multiple ERPNext and Laravel projects.
- Supervised and mentored two trainee developers on ERP strategies and code best practices.
- •Designed and implemented JAMGO ERP permission architecture: organization & branch-level access using a bitmask system

Tech IT Away — Laravel Developer   MAI 2024 – JUL 2024

- Fixed critical bugs in a real estate platform, reducing system downtime by 25%

ModernDZ   Jul 2024 – Mar 2025

Laravel Developer

- Upgraded and enhanced Services mobile app (Flutter, null safety migration + new features).
- Built multi-store e-commerce (jexdé.com) using Laravel + Livewire.
- Founded and led a small dev team to deliver dzsakan.com, a real estate listing platform.

Freelancer   2022 – Present-

Web & Mobile Developer

- Delivered 5+ Laravel projects (management systems, e-commerce).
- Built Flutter apps with Laravel APIs (deployed on Play Store).
- Created educational and business websites with PHP, Tailwind CSS, and JavaScript.

KEY PROJECTS

JAMGO ERP (Laravel) — Ongoing: custom ERP for associations with multi-organization, branch-level access, membership & finance modules (bitmask permissions).

Stitch Production ERP (Frappe/Python) — Automated production workflows; reduced manual tasks by ~30%.

dzsakan.com (Laravel) — Real estate platform with admin dashboards and search filters.

jexdé.com (Laravel + Livewire) — Scalable multi-vendor e-commerce.

Dirasatech (Academic Startup Project) — Co-founded student startup to build an E-learning platform for academies (academic/graduation project showcasing product design & team leadership).
